Amusement Notes.

Cincinnati says what she thinks of Bob Miles with a \$1,400 testimonial. "Saints and Sinners" at Pike's. Next week Barlow, Wilson, Primrose & West's Minstrels.

Ada Gray at the Grand to-night as "Ruth Tredgett." Saturday matinee, "Camille," with 25 cents admission to all parts of the house.

Next week at the Grand "Fun on the Bristol."

At Henck's Nick Roberts' Spanish Students' and "Humpty Dumpty." Next week Rents-Santle. Novelty Company.

The Miles Benefit.

The testimonial benefit last night to Mr. R. E. J. Miles, Manager of the Grand Opera-house, was an immense success. The house was completely filled with as fine an audience as it ever held.

The audience was good-humored, "Bob" was happy, and the show first-class and there was enough of it.

First came Colonel Nick Roberts' "Spanish Students," whose performance was very warmly received. They were twice recalled.

Then came the Amateur Minstrels, with Bob Morgan, Frank Dunne, Al. Thayer and Nick Roberts as end men and Bob Miles as interlocutor. They told not a single stale joke and gave a most satisfactory round of fun. Bob Miles was presented with some beautiful pieces of floral work, and in response to the hearty applause thanked the audience for the rousing testimonial and said a few good-natured things in that graceful and easy manner for which he is remarkable.

"Lucretia Borgia," with Miss Ada Gray in the titular role, concluded the entertainment. Between the third and fourth acts of the play Mr. John McCullough—who had come to the city per special train from St. Louis—recited the "Stowaway—A Little Hero," in exquisite style. He was presented with a beautiful floral lyre by an unknown friend, and endeavored to the echo, but being unprepared to recite anything else, he was compelled to return his thanks and bow himself away. The "house" footed up nearly \$1,400.

All the preliminary arrangements for the great Festival are now made, and Tuesday next the opening concert will be given to one of the largest audiences ever assembled in Music Hall.

The arrivals at noon to-day were Miss Annie Louise Cary, who stops at the Burnett House, and Signor Campanini, who is at the Grand Hotel. Both are familiar to Cincinnati and great favorites. Mr. Fred Harvey is not at a hotel, preferring private board. He is a new tenor in the West, but he comes with a high reputation for oratorio singing. He is quite a young man, of English parentage, and a native of Santiago de Cuba. The celebrated Signor Ermani, with whom he studied, commends him in the highest terms as a reliable singer and a diligent student.

Nicely done, boys.

One thousand and forty-seven people witnessed the game yesterday.

The Clevelanders played a faultless fielding game yesterday, and didn't make a single error. Our boys made only two.

The game this afternoon should draw a tremendous crowd. Those who were not present yesterday missed seeing the prettiest game that has been played this season.

Smith did some beautiful playing on second base yesterday. He made a double play to Carpenter, and gathered in a fly ball between second base and the short stop's position.

The preposterous claims made for very many remedies have always disappointed multitudes of people, but we are pleased to recommend an article which can at times be thoroughly relied upon. The condition of constant readiness for use with uniformity of composition, renders Hamburg Drops the safest and best remedy for Dyspepsia, constipation, liver disease, loss of appetite, headache, and all diseases originating from impure blood.

ARENS & CO.

Rumor of Their Removal to Louisville's Unfounded.

A wide-spread rumor made its rounds this morning that Messrs. Arens & Co., manufacturers of steam fire engines and dealers in Fire Department supplies at Nos. 22, 24 and 26 Webster street, were about to remove their shops from this city to Louisville. The rumor was due to an article on the above subject in one of the Louisville papers.

A Star reporter saw Mr. C. Arens, the President, and Mr. H. H. Nieman, the Secretary and Treasurer of the Company, this morning in their office. In answer to the questions as to the alleged removal, both gentlemen stated that they had not the least idea of such a move, and had never considered such a project. The rumor, Mr. Nieman said, was owing to his late visit in Louisville, where offers had been made to induce the firm to establish itself there. Mr. Nieman told the Louisvilleans that he did not think the firm would accept, the more so as Indianapolis and Chicago had offered better inducements to them to leave Cincinnati.

Mr. Nieman added that it was an impossibility for the firm to move as the orders now in would take over a year's time to fill. So cramped for time indeed are they, that, he said, if their boiler should meet with a mishap they would not know what to do. The talk about removing is mere idle talk and Arens & Co., one of the most enterprising firms of the country, stays with the Queen City.

To Review the Sugar Trade.

National Associated Press to the Star.

BALTIMORE, May 14.—A meeting of merchants and business men of this city was held at the Board of Trade rooms yesterday afternoon to protest against the present laws regulating the sugar trade, and to take steps looking to the revivification of the same. Resolutions were adopted requesting their Representatives and Senators in Congress to vote for the Carlisle Sugar Tariff Bill, the passage of the bill being the first step necessary to restore Baltimore's lost sugar trade; also earnestly requesting Southern and commercial cities generally to urge upon their Representatives and Senators to vote for and promote the success of the Carlisle Sugar Tariff Bill. A committee was appointed to visit Washington to urge the passage of the bill.
